

Christopher McBride, Louisiana

135 Check Pilot/Instructor

NVG Instructor

I began my aviation career in 2015 at Southern Utah University as an aviation student. Upon completion of my training, I was hired as a Line Instructor, followed by gaining an NVG Instructor endorsement.

In the summer of 2021, I was offered a job as a Line Pilot at Zip Aviation in NYC flying 407s. The position culminated in Part 135 Charters, Tours, Photo/Film, government contracts, and HEMS flights. The experience there led me to PHI Inc where I currently hold a position as a Check/Instructor Pilot in the 407.

Fun fact: I studied as an Architectural Engineer from 2016-2018 before I made my back to aviation.

Base Airport: KLFT
