

**Isabella Whitmore, Colorado**

**Rotor CFI +CFII**

I completed my training at Southern Utah University and am now conducting flight instruction in Colorado. Aviation found me and I'm so glad it did! After my first solo I knew the skies were where I wanted to be.

I seek to find adventure in all things and flying helicopters has opened my world to limitless possibilities. I am passionate about sharing the freedom of the flight with others and helping them become successful in their aviation endeavors.

Fun Fact: Favorite aircraft is Kaman KMAX.

Base Airport: KCOS
